"Bluff"
Editor

The 1974 "BLUFF" records only moments of a year at P.B.H.S. . . .

Moments of joy, of sadness, of victory, and of loss. Moments that represent a beginning and moments that represent an ending. Moments to be remembered, moments to be laughed at, and moments to be cried over. Moments you have lived, but have not lost. Memories that will endure the test of time, thanks to the "BLUFF."

CPL. ROBERT D. RICHARDSON, MARINE

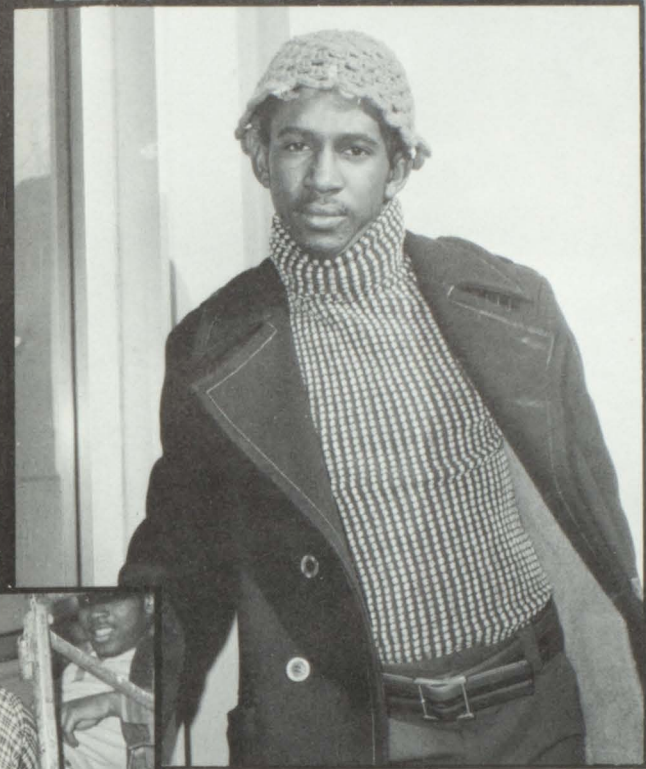

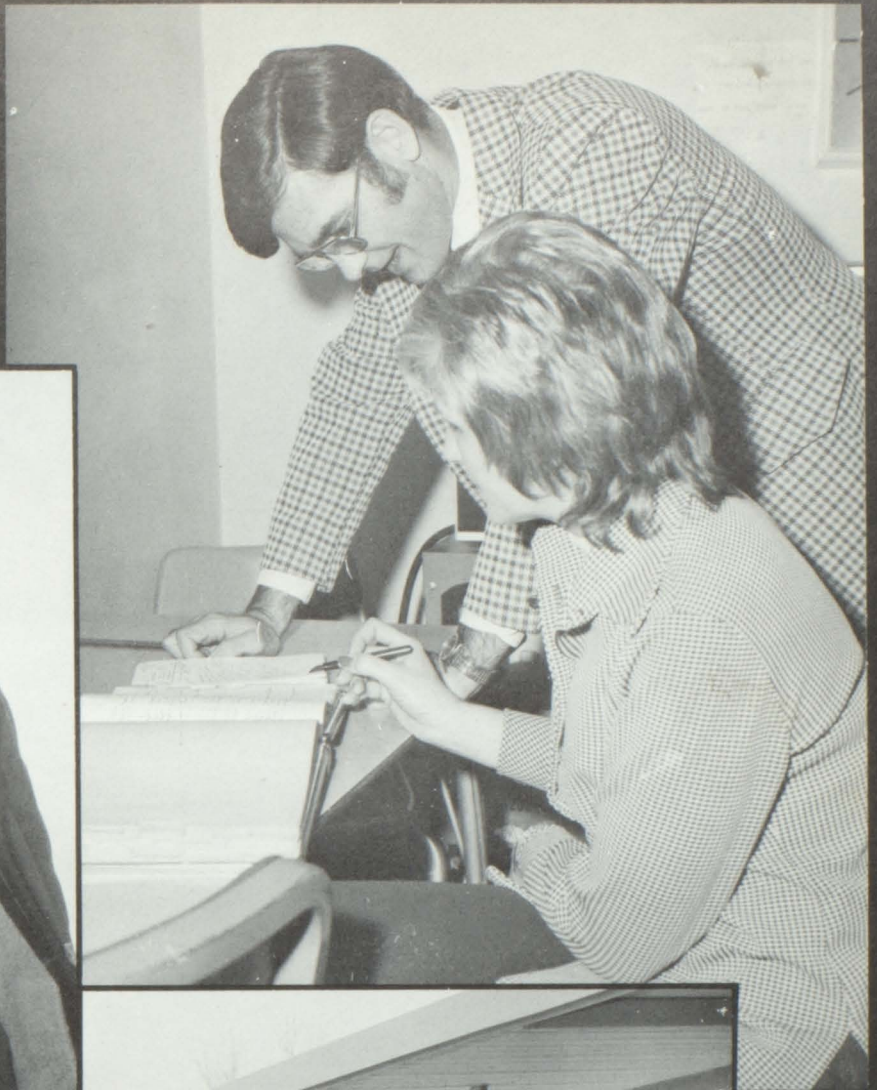

In war's grim hour that tested all,
 Among the first he heard the call.
 In Viet Nam a land so tried,
 He bravely fought and bravely died.
 His grateful friends mourn their loss,
 A sacrifice in freedom's cause.
 Here he shall forever be,
 Enshrined in hallowed memory.

Mary,

I know it's been only three short weeks but I've come to find out that I don't know what the heck about understanding you, not really (Ha/Ha!). No really Mary, from what I know already you're a sweet, cute, kind, beautiful, (have you got the big head yet?) and just all around great girl.

I'm really glad that I met you but I'm sorry it took you so long to want to meet me. School will soon be out and this old senior will have to say good-bye P.B.H.S. and hello T.R.C.C. I really can't wait, can't you tell? Most everyone in your annual

SENIOR CLASS

has said they hope they will see you this summer. But I just want to say I better see you this summer a whole lot!! I might even come over to your house a lot if you can keep your sister under control. In all I just have to say I'm really glad I met you because I really like you, even though you are a decmb freshman.

Love you alot,

Brad

P.S. Sorry my writing is crummy but it's my first grade teacher's fault.

LET'S TAKE A GOOD LOOK AT EACH OTHER...

We know a young man just out of school has more on his mind than just a job these days. He's concerned about his world. He's looking at the future. And he's looking for a way to do something about it.

We're looking at the future, too. In fact we're dedicated to it. And we're looking for people who feel the same way.

You see, there's more to the Air Force than good pay, guaranteed jobs and valuable skills. There's also the satisfaction of doing something worthwhile and important.

But that's something you'll have to decide for yourself. It's easy to get the facts and there's no obligation. The attached coupon will get you the name and address of your nearest Air Force Recruiter.

Go ahead . . . Take a good close look at us. We'll look you over, too . . .

Lots of people have jobs we taught them.

Right Mary?

Think of today's Army as the world's largest technical school and you'll realize why we have so many successful alumni.

You see, there are over 300 occupations in today's Army that aren't too unlike corresponding civilian jobs. So when you learn a job with us you have a skill when you get out.

You get to pick that skill, too, before you enlist. And if you're qualified, you'll get the training to perform it like a professional.

Which means intensive, in-depth, on-the-job training along with classroom instruction.

While you learn you get paid. Starting at \$307.20 a month before deductions. And with 30 days paid vacation a year, free meals, free housing, free clothing, and free medical and dental care, your take-home pay goes a long way.

If you'd like to know more about job training opportunities in today's Army call or see your local Army Representative. You'll pick up skills that will benefit us now, and yourself later.

wants to join you.**

many, well, it has been fun (believe it or not) to have had you in home ec. class. There aren't very many freshmen that I like because most of them think they are too cool. But, you have really got a good personality and I've enjoyed way bringing you around you. If you stay the way you are, you'll make friends very fast. Good luck with Bead. Your care for him, you deserve him. I hope to have a class with you next year. That is, if you won't be to embarrassed to say that you know me.

Mary,

Where do I begin? I guess I should start off by letting you know how much our friendship means to me. Since Wendy moved to New York, you are the only friend I have been able to confide in completely. I am going to make sure many secrets that I am going to tell anyone of them. I sure don't want you to become enemies cause I hope you won't.

I guess some people wonder why I am and a freshman hang around together so much but with a friend like you it wouldn't matter what grade you were in. Doug Clark's party, going to Dewayne's getting bit by a dog while Dewayne is driving my car, like riding when I got a first fire and my being at your house more than at mine! It has all been so much fun! We could not forget all my "special" trips on Kinkaid Drive - namely 3 hook ups down from 1020. You have helped me out so much with a certain person - even if you didn't think he would go out with me.

This year has been so great for me & I am sure it has for you too!

If you are not at a track meet, I just want to say "thanks" for being the true friend you are. Now that you have a new flame, it is time to see you smiling again. Always keep that smile on your glowing face, stay crazy, sweet, cute and "on your diet." Maybe we will get skinny this summer! Don't ever forget me because I won't forget you.
